

# Let the Damage Begin

The Verve

Got a call from a friend I knew  
She found me begging  
Just like I always do  
There's no room for imagination  
Suffocating in my head  
I need some liberation

And it feels good

Close the door  
And take off those clothes  
Dance with me till the morning shows  
In your bed and in your skin  
I'll be your whole  
One whole soul

I need this feeling almost every day  
Can't beat this feeling girl  
I just gotta say  
In your bed and in your skin  
I'll be your whole  
One whole soul  
Turn out the lights  
Let the damage  
Didn't like pain  
Till I lived in sin

Don't you  
Don't you come on  
Don't you  
Do you

In your bed and in your skin  
Didn't like pain

Till I lived in sin

So lets go for a ride  
Go for a ride  
I feel fine  
Go for a ride  
I'm feeling fine  
Let's go for a ride  
Go for a ride  
Let's go for a ride  
We will
