

# Man Called Sun

The Verve

Everybody seems to know when he's around  
He lifts you up and fades without a sound  
Mr. Sun won't you shine? (on me)  
Mr. Sun won't you shine? (on me)

Why he's here I will never know  
He makes you know you feel like somewhere to go

Mr. Sun just shine (on me)  
Mr. Sun won't you shine? (on me)

Walking with a man called Sun  
I think my journey's just begun  
Do you think you might... ?

He lifts you up and shines and then he's gone  
But you know you need him more when he's gone

Mr. Sun just shine (on me)  
Mr. Sun won't you shine? (on me)
