

Slide Away

The Verve

So take your time
I wonder if you're here just to use my mind
Don't take it slow
You know I've got a place to go
You always do that
Something I'm not sure of
But just for today
Let go and slide away

I was thinking maybe we could go outside
Let the night sky cool your foolish pride
Don't you feel alive
These are your times and our highs

So take your time
I wonder which cup you'll drink from
I hope it's mine
Beause you always do that something
Something I'm not sure of
But just for today
Let go and burn away
'Cause I read your mind
I need it because it takes me where I can't find
Because you always do that something
Something I'm not sure of
But just for today
Let go and burn away

Slide Away burn away
Slide Away burn away
I read your mind
I read your mind
'Cause it takes me to where I can't find...
