

Sonnet

The Verve

1. my friend and me,
looking thru her
red box of memories
Faded, I'm sure,
but love seems to
stick in her things you know

R: yes, there's love if you want it,
don't sound like a sonnet, my love
yes, there's love if you want it,
don't sound like a sonnet, my love
my love.

2. why can't you see
that nature has it's way
of warning me?
eyes open wide,
looking at the heavens
with a tear in my eye

R: yes, there's love if you want it,
don't sound like a sonnet, my love,
yes, there's love if you want it,
don't sound like a sonnet, my love
my love.

Sinking faster than a boat
without a hull
my love
dreaming about the day
when i can see you here
by my side
by my side

3. Here we go again
and my head it is gone
my love
I stop to say hello
because I think you should know
by now, by now (7x)
