

## I Am Here

VETO

I am here  
I can feed your rigour  
I am here  
I can squeeze the trigger

You're part of a motion  
Forget yourself  
You swim in an ocean  
Submerge yourself  
You are an explosion  
You're part of a motion

I am here  
I can make you bigger  
I am here  
I can squeeze the trigger

You're part of a motion  
Forget yourself  
You swim in an ocean  
Submerge yourself  
You are an explosion  
You're part of a motion

I can clean the grime that warps your picture  
I can twist truths out of conjecture
