I am here

I can feed your rigour

I am here

I can squeeze the trigger

You're part of a motion Forget yourself You swim in an ocean Submerge yourself You are an explosion You're part of a motion

I am here

I can make you bigger

I am here

I can squeeze the trigger

You're part of a motion Forget yourself You swim in an ocean Submerge yourself You are an explosion You're part of a motion

I can clean the grime that warps your picture I can twist truths out of conjecture
