Vex Red

I know you like to think you are
Purer, better
Higher, lower
You always have to be whole
You tell me
What to be
If I like
What you're saying
I won't
You tell me
Don't deny it
I don't believe that you can think
That I respect a thing you say
I wish you knew how shit you are
You tell me
Who to be
If I like
What you're saying
You tell me
