

Gravity Of The Situation

Vic Chesnutt

we blew past the army motorcade and it's abnormal load haulage
the gravity of the situation came on us like a bit of new knowledge

the bubbliest bubble bath broke down on the bank the gravity of the
situation is why our old thought bubbles sank
humble and gracious the gravity of the situation ...

well, a fat hungry english crow is picking at a badger carcass
the gravity of the situation is hard to focus and harness
well, we met Bill Lowery at the Queen's Hall the gravity of the
situation became apparent to us all

humble and gracious the gravity of the situation ...
