

Afraid To Sleep

Vicci Martinez

Slept in this room together
But now you're gone
And it's so quiet I turn the TV on
We lived in this room together
Remember, we painted the walls
Now time doesn't stand still
Though it crawls, it crawls

And baby I'm afraid to sleep
Cause if I do I'll always dream of you
Dreaming always deep
I miss you so why did I let you go

I never realized how much I was in love with you
Till you started sleeping with some one new
Last night I dreamed again
December and you were there
I cried and you kissed my face
And you still care, you still care

And baby I'm afraid to sleep
Cause if I do I'll always dream of you
Dreaming always deep
I miss you so why did I let you go
Oh oh oh
Baby I'm afraid of sleep

Lying alone in the darkness
With a memory in my head
There's a big hole where my heart is
And a lonely feeling rolling around my bed

And baby I'm afraid to sleep
Cause if I do I'll always dream of you
Dreaming always deep
I miss you so why did I let you go
Oh oh oh, oh oh oh
Baby I'm afraid of sleep
Oh oh oh, oh oh oh
Baby I'm afraid of sleep
Baby I'm afraid of sleep
