

# Fade Away

Vicci Martinez

Falling down from the walls you posses  
That keep me from your heart  
Try to blend in with all of the others  
But now I've become lost  
I look around, look around  
Trying to figure out why I allow this pain  
I look around, look around  
I don't want to let it go, don't want to throw it away

And I  
I will be your dreams  
And I  
I will calm your screams  
And I  
I will be your wings  
But Im

Breathing  
Breathing  
Breathing slowly  
Feeling  
Feeling  
Feeling lonely  
Hoping  
Hoping  
Hoping I wont... Fade away

Climb up once again just to make sure  
Theres nothing I can do  
Take one step back  
Oh I know i'm insane, but its something I have to  
pursue  
Turn around  
Turn around  
You always look away  
You think that its all wrong  
Turn around  
Turn around  
You've only been blinded, its been right all along

And I  
I will be your dreams  
And I  
I will calm your screams  
And I  
I will be your wings  
But I'm

Breathing  
Breathing  
Breathing slowly  
Feeling  
Feeling  
Feeling lonely  
Hoping  
Hoping  
Hoping I wont... Fade away.

I wont (I wont)  
Fade away (Fade away)  
I wont (I wont)  
I wont (I wont)  
I wont...

Breathing  
Breathing  
Breathing slowly  
Feeling  
Feeling  
Feeling lonely  
Hoping  
Hoping  
Hoping I wont  
Fade away
