Fly To Heaven

Vicci Martinez

I've gone on this way for days
Underneath the surface
I keep trying to find my way
And if I leave baby will you stay?
Sorry if this hurts you
But we've got to meet halfway

And then you feel the pressure
Feel the pain
We're living little love learn
Don't complain no
Cause we're gettin' ready
So you got to get in line
We're gonna fly to heaven
Right now is the time

I got nowhere else to go
I've already hit the bottom, baby
I've been down below
And I'm sorry if I'm moving too slow
Just worry about yourself
That's all you need to know, need to know

And then you feel the pressure
Feel the pain
We're living little love learn
Don't complain no
Cause we're gettin' ready
So you got to get in line
WE're gonna fly to heaven
Right now is the time

We're gonna fly, fly fly
Fly, fly, fly …
