

Lovers Embrace

Vicci Martinez

Tears on my face
When lovers embrace
And I found my place
In your heart

And how could this be
To live in this street
And now that I know
You're the one for me
Cause love can be perfect when two worlds breathe
Yeah perfect means what will be
Will be

La la la la
La la la la
La la la la
Ohhhh

Now if we should spend
These days till the end
As lover and friend
I'll hold you and never let go
Cause love can be perfect when two worlds breathe
Perfect means what will be
Will be
Ohhhhhhhh
Ohhhh yeah love can be perfect when two worlds breathe
Yeah perfect means what will be
Will be

La la la la
La la la la
La la la la
