## Vice Squad

Words that taunt, a face that sneers  
Is it envy or is it fear?  
What gives you the right to criticise?  
When you lead such useless lives

Upright citizen

The law is always on your side  
You're never stuck for a place to hide  
As time goes by your vision goes  
You can't see past the end of your nose

Corrupting your children, telling lies  
Complacent cowards, wasting your lives  
You've got freedom of speech and nothing to say  
Put your trust in politicians and believe you're safe

Say you're respectable, put on your disguise  
When faced with the truth you close your eyes  
There are millions of you and more will follow  
Make sure we never have a better tomorrow
