

## Out in the Cold

Vice Squad

I'm laying awake at nights  
I can't get you out of my mind  
All I can hear is my heartbeat  
And the voice in the dark of some kind

R:

Where are you now?  
The fears are coming back to me once again  
Oh, I wish you were here  
Taking good care of me  
I want you  
I feel as though I'm out in the cold

R:

Out in the cold  
Hear me calling, cold  
Out in the cold  
Please rescue me

I know it was you I hurt  
I didn't mean to hurt you  
So much to forgive and forget  
Can't take anymore of this hurt  
On no, oh no  
There's so many things I regret
