

Out in the Cold

Vice Squad

I'm laying awake at nights
I can't get you out of my mind
All I can hear is my heartbeat
And the voice in the dark of some kind

R:

Where are you now?
The fears are coming back to me once again
Oh, I wish you were here
Taking good care of me
I want you
I feel as though I'm out in the cold

R:

Out in the cold
Hear me calling, cold
Out in the cold
Please rescue me

I know it was you I hurt
I didn't mean to hurt you
So much to forgive and forget
Can't take anymore of this hurt
On no, oh no
There's so many things I regret
