

## Dreaming

## Vicious Rumors

When the night time falls - images come to you  
Then the voices call - trying to reach you  
If you believe in me - set your heart free  
Fantasy will be reality  
Open up your eyes - to where your dreams lie  
And when the full moon shines - The future speaks to you  
Soon the sun will rise and you will realize  
The dream that came to be is reality  
If you believe in me - set your heart free  
Fantasy will be reality  
Open up your eyes - to where your dreams lie  
The journey travels on drifting frame by frame  
The one you see is real - but you don't know her name  
The mists begin to clear - as you feel her near  
The look that's in her eyes has you hypnotized  
Illusions are no more - now you've opened the door  
The truth is now revealed - it's the love you feel  
If you believe in me - set your heart free  
Fantasy will be reality  
Open up your eyes - to where your dreams lie
