

## Can I Build (my Home In You)

Vickie Winans

I've been hurt and I've been bruised.  
I've been totally confused.  
So can I build my home in You?  
I've got to find my place  
And grow in that space.  
So can I build my home in You?  
I want to always stay  
And never move away.  
So can I build my home in You?  
(Chorus)  
I have had many things fail.  
Things I've built my faith upon.  
And though I can't always tell  
I need someone to rely on.  
Then I heard You were the  
Rock of all ages.  
And I'm so tired of going  
Through these changes.  
So can I build my home in You?  
Can I build my home in You?
