

He Loves Me

Vickie Winans

He loves me, he loves me, (yes me)
He loves me, he loves me, (yes me)
He loves me, he loves me, (yes me)
He loves me, he loves me, (yes me)
Yes me

Gave him all i had to give
Because he said, that i could live
Free from all anxiety
Now i give him every part of me

Sent up a prayer, to him today
And i know that he'll answers me right away
Cause he cares for me like that
Handles all his business
And i know he's got my back

[Vamp:]
Have you ever had somebody
Give you what you need and more
Turn
In store
Like a fantasy
Love came back to me
I know that like a remedy
He will care for me
Can't you see
