

I Need A Man

Vickie Winans

I need a man who lives
The way that i have told him to
A man who steps that i am leading

I need a man who gives
The very way i ask him to
A man who's life is so intriguing

I need a man who prays
And doesn't ever miss a day
A man who strives for what is pleasing

I need a man who's there
And makes good of his promises
A man who cares of what i'm thinking

Chorus

I need a man
Who loves me just for who i am
Give me a man
Who believes i'm soon to come again

I need a man who knows everything about my ways
So he can make the right decisiton

I need a man who trys to make ?
A man who's running with the vision

I need a man who knows all he has to do is ask
A man who knows i won't forsake him

I need a man who keeps all his mind stayed on me
And won't let another woman shake him (shake a loose)

Chorus

I need a man who says there's nothing that the world can do
I'm going to live my life for jesus

A man who doesn't fear, when pressure tries to force him to
A man who lives and does for jesus

I need a man who knows my heart
Who let's me know when they're (?) Apart

I need a man whose thoughts are pure
A man who knows he will endure

I need a man who loves his wife
Teach his kids and live the life

I need a man who tells the crowd
You gotta repent and tells them loud

I need a man who understands
Loving me is in the plan

I need a man who looks ahead
A man who does just what he says

I need a man that doesn't hate
Knows his fate and never late

I need a man who's standing in the gap
A man who knows just where i'm at

I need a man who aiming high
Who hope is far beyond the sky

I need a man who not disturbed by what he's heard
About the word, i need a man

I need man who takes advice, treats me nice and loves me right
