

Old Gospel Medley

Vickie Winans

I know the Lord will make a way
Oh yes He will
I know the Lord will make a way
Oh yes He will
Cause He has made a way for me
He opened the doors I could not see
I know the Lord will make a way
Oh yes He will

Just another day that the Lord has kept me
He has kept me from all evil
I got my mind stayed on Him
Just another day that the Lord has kept me
I just don't know what I would do without the Lord
I just don't know what I would do without the Lord

When I look around...
And see all the good things He's already done for me
I just don't know what I would do without the Lord

I thank you Lord for You have been so good to me
I thank you Lord for You have been so good to me
I should have been dead sleeping in my grave, but
You told ole death to get back and behave
I thank you Lord for You have been so good to me
You've been good to me
You been good
I thank you Lord for You have been...
Oh yeah
