

# Out Of Your Mind

Victoria Beckham

Who do you think you are  
Tellin' me I've gone too far  
You must be outta your mind  
Telling your friends I was buggin' you  
But you weren't bein true  
Stepping outta your mind

Open your eyes while you trouble me  
Expensive lies but you're playing for free  
I gave you what you want, what you need  
My time is wasting but for you it's a breeze

You're out of your mind  
Gonna make this really easy for you  
I'm not out of my mind  
Gonna show you I'm not crazy  
Boy, you're wasting my time  
I'm not wasting your time  
(They say that I'm chasing you)  
You're out of your mind  
You're out of your mind (it's strange)  
Out of your mind

Keep thinking you were someone special  
Time has shown and now I know  
How wrong I have been  
I was feeling that you're using me  
Confusing me, two-timing me  
I can't remember how long has it been?

Open your eyes while you trouble me  
Expensive lies but you're playing for free  
I gave you what you want what you need  
My time is wasting but for you it's a breeze

You're out of your mind  
Gonna make this really easy for you  
I'm not out of my mind  
Gonna show you I'm not crazy  
Boy, you're wasting my time  
I'm not wasting your time  
(They say that I'm chasing you)  
You're out of your mind  
You're out of your mind (it's strange)  
Out of your mind

You sing a song and people jump on you  
What this guy is sayin' can't be true  
All I'm sayin's that some girls who trip  
Stop buggin' and buggin' him if they wanna flip  
I like the Spice

Open your eyes, girl you trouble me  
Expensive lies but you play it for free  
I gave you what you want what you need  
My time is wasting but for you it's a breeze

You're out of your mind  
Gonna make this really easy for you  
I'm not out of my mind  
Gonna show you I'm not crazy  
Boy, you're wasting my time  
I'm not wasting your time  
(They say that I'm chasing you)  
You're out of your mind  
You're out of your mind (it's strange)  
Out of your mind

You're out of your mind  
Gonna make this really easy for you  
I'm not out of my mind  
Gonna show you I'm not crazy  
Boy, you're wasting my time  
I'm not wasting your time  
(They say that I'm chasing you)  
You're out of your mind  
You're out of your mind (it's strange)  
Out of your mind
