

# Holographic

Victoria Duffield

You're Holographic, It's problematic  
I can't help looking, boy  
Boy when you knock, when you knock on my door  
My heart is jumping up off of the floor  
I know you know how to touch me like wow  
I'll be coming at it right now, now, now

Like a circus, circus in my brain  
Like a drug I don't wanna take everyday  
Like a disco you flow through my veins  
Cause your love, love, love, love, your love is insane

Like a circus, circus in my brain  
Like a drug I don't wanna take everyday  
Like a disco you flow through my veins  
Cause your love, love, love, love, your love is insane

You're Holographic, It's problematic  
I can't help looking, boy  
Boy when you knock, when you knock on my door  
My heart is jumping up off of the floor  
I know you know how to touch me like wow  
I'll be coming at it right now, now, now

Like a circus, circus in my brain  
Like a drug I don't wanna take everyday  
Like a disco you flow through my veins  
Cause your love, love, love, love, your love is insane

Like a circus, circus in my brain  
Like a drug I don't wanna take everyday  
Like a disco you flow through my veins  
Cause your love, love, love, love, your love is insane

You're Holographic, It's problematic  
My bodies static  
And my heart's in panic  
You're Holographic, It's problematic  
I can't help looking, boy

You're Holographic, It's problematic  
My bodies static  
And my heart's in panic

Boy when you knock, when you knock on my door  
My heart is jumping up off of the floor  
I know you know how to touch me like wow  
I'll be coming at it right now, now, now

Like a circus, circus in my brain  
Like a drug I don't wanna take everyday  
Like a disco you flow through my veins  
Cause your love, love, love, love, your love is insane

Like a circus, circus in my brain  
Like a drug I don't wanna take everyday  
Like a disco you flow through my veins

Cause your love, love, love, love, your love is insane
