

# Kiss Me In The Middle

Victoria Duffield

I can feel it in the air tonight  
This has never ever felt so right  
Everybody else's hands are up  
But yours are wrapped around me tight

I feel you pulling me closer  
I can feel my heart beat, beating faster  
As you lift my chin and you lean right in  
Kind of like where this is going

Kiss me in the middle of the dance floor  
Kiss me now, before the song is over  
Wishing we could make it last forever  
Kiss me in the middle, kiss me in the middle of the dance floor

Kiss me in the middle... of the dance floor

It's like there's no one else around  
And now the lights are going down  
Your hands all over me  
One touch and I can barely breathe

I feel you pulling me closer  
I can feel my heart beat, beating faster  
As you lift my chin and you lean right in  
Kind of like where this is going

Kiss me in the middle of the dance floor  
Kiss me now, before the song is over  
Wishing we could make it last forever  
Kiss me in the middle, kiss me in the middle of the dance floor

Kiss me in the middle... of the dance floor

You and me, we come alive  
When this two hearts of ours collide  
You and me, we come alive  
We come alive, we come alive

I can feel it in the air tonight

Kiss me in the middle of the dance floor  
Kiss me now before the song is over  
Wishing we could make it last forever  
Kiss me in the middle, kiss me in the middle

Kiss me in the middle of the dance floor  
Kiss me now before the song is over  
Wishing we could make it last forever  
Kiss me in the middle, kiss me in the middle of the dance floor

Kiss me in the middle... of the dance floor  
Kiss me in the middle... of the dance floor

Kiss me (4x)

Kiss me in the middle of the dance floor

Dance floor, dance floor, dance floor, dance floor
