

Sweet Fantasy

Victoria Duffield

I see you lookin as Im walking by
The Way you smiled at me caught my eye
My friends are telling me Its time to leave
But I feel something coming over me

(Woahh)
Its something more than physical
(Woahh)
The reason why Im into you
(Woahh)
And maybe Its supposed to be
(Woahh)
Thats the reason that you notice me

I've been dreaming about you baby like all night
I've been thinking about you baby like all the time
I'm done trippin for you baby but its alright
Your such a sweet, sweet fantasy

I want to dance so let me take your hand
But when I do my legs can barely stand
Dont want to stop Dont want to take it slow
And if your with me baby let me know

(Woahh)
Its something more than physical
(Woahh)
The reason why Im into you
(Woahh)
And maybe Its supposed to be
(Woahh)
Thats the reason that you notice me

I've been dreaming about you baby like all night
I've been thinking about you baby like all the time
I'm done trippin for you baby but its alright
Your such a sweet, sweet fantasy

You should be the one baby that I call mine
Oh I can be your girl we could have a good time
Im done trippin for you baby but its alright
Your such a sweet, sweet fantasy

This is a place that Ive never known
Got me feeling ways that Ive never before
If Im dreaming I dont wanna snap out of it
If Im dreaming I dont wanna snap out of it
This is a place that Ive never known
Got me feeling ways that Ive never before
If Im dreaming I dont wanna snap out of it
If Im dreaming I dont wanna snap out of it, boy

(Oh yeah yeah)

I've been dreaming about you baby like all night
I've been thinking about you baby like all the time
I'm done trippin for you baby but its alright

Your such a sweet, sweet fantasy

You should be the one baby that I call mine
Oh I can be your girl we could have a good time
Im done trippin for you baby but its alright
Your such a sweet, sweet fantasy
