

# Faster than Boyz

Victoria Justice

Can i have a map? I'm getting lost in your eyes  
That's the first thing you said,  
And when i looked up, yeah it was no surprise  
So much hair-gel was applied to your head

I'm a V.I.P, that's what you told me,  
But i only see a visitors pass  
Here's a tip for free  
Since you don't know me  
And even though you didn't ask

'cause i'm movin' faster, faster, faster, faster than boys (boys)  
A recipe for disaster, 'saster the sound of your voice (your voice)  
You leave me no,  
No no, no no-- o-woah  
Yeah you, you've got to go  
Faster, faster, faster than boys (faster than boys)

I don't have the time to be waiting around  
For someone with a fake I.D  
Seriously, you need to get out of town  
This picture's just a little bit creepy

I love Hall and Oates, you like spaghetti O's  
Something tells me we don't fit  
Here's a tip for free  
Since you don't know me  
I think you're gonna catch on quick

'cause i'm movin' faster, faster, faster, faster than boys (boys)  
A recipe for disaster, 'saster the sound of your voice (your voice)  
You leave me no,  
No no, no no-- o-woah  
Yeah you, you've got to go  
Faster, faster, faster, faster than boys (faster than boys)

It's not me, it's you.  
Why you gotta look so sad?  
I can't lie, it's true  
Your pick up line was just that bad

So get on with it, 'cause i'm just a waste of your time (time)  
Penny for my thoughts, when i should have charged a dime

'cause i'm movin' faster, faster, faster, faster than boys  
A recipe for disaster 'saster, the sound of your voice (your voice)  
You leave me no,  
No no, no no-- o-woah  
Yeah you, you've got to go  
Faster, faster, faster, faster than boys (faster than boys)
