

Shut Up and Dance

Victoria Justice

It's nine at the dot,
And we just talk and we talk
And I just want it to stop
'Cause aren't we here for the music?

And if you're dare,
Just get up out of your chair
'Cause this ain't goin' nowhere
We've gotta move or you lose it

All I wanna know (know)
Is when we're letting so we can
Get this record to break (break)

Why we wasting time (time)
We never can rewind (wind)
All I'm really tryin' to say

Shut up and dance
Show me what you got
Shut up and dance
Are you in or not?
You're movin' your mouth,
Baby don't speak!
Shut up and dance
If you're with me

'Cause I can wait no more to get
On the floor
Don't stop now's our chance

Shut up and dance, dance,dance
Dance,dance

The heat of the night
And we can do what we like, so
Don't you put up the fight
'Cause I'll be drivin' you crazy

What would you do,
When I get up next to you?
You like the way that I move
I'm not your gilr but I could be

All I wanna know (know)
Is when we're letting go so we can
Get this record to break

Why we wasting time (time)
We never can rewind (wind)
All I'm really tryin' to say

Shut up and dance
Show me what you got
Shut up and dance
Are you in or not?
You're movin' your mouth,

Baby don't speak!
Shut up and dance
If you're with me

'Cause I can wait no more to get
On the floor
Don't stop now's our chance

Shut up and dance, dance,dance
Yeah
Shut up and dance, dance,dance
Yeah

Shut up and dance 'till we drop
'Cause I'm sick of the space in between
You and me lying up 'till we're
Makin' a scene

Quit the talk let it rock
If you know what I mean

Shut up and dance
Show me what you got
Shut up and dance
Are you in or not?
You're movin' your mouth,
Baby don't speak!
Shut up and dance
If you're with me

'Cause I can wait no more to get
On the floor
Don't stop now's our chance

Shut up and dance, dance,dance
Yeah
Shut up and dance, dance,dance
Yeah
Put up your hands, hands, hands
Yeah
Shut up and dance, dance,dance
Yeah

Shut up and dance
