

# Hell And Back

Victory

Turn on the heat  
Wanna let loose tonight  
Shake of the boredom  
Set this planet alight  
The earth is moving  
Round and round and round  
Let's break out  
'til we reach the speed of sound

Out in there fast lane  
Take a ride to  
Hell and back - hell and back  
Take a ride to  
Hell and back - hell and back

Born in a rocket  
Can't settle down nowhere  
Gun in my pocket  
Waiting for his prey  
The night is calling  
C'mon bend the rules  
Let's ride into the galaxy of fools

Nothing to loose  
Take a ride to  
Hell and back - hell and back  
Take a ride to  
Hell and back - hell and back
