Vienna Teng

Why am I walking barefoot
Upon this road with no one around
I close my eyes to this decision
The night's like coffee to my tongue
Like waking up without a sound
I map the words out
Maybe you will say them

Won't you help me rise up
Touch my face and watch me try to breathe again
Would you let me do this
Burn down the final wall

Overcome me, baby
Overcome me, baby
Overcome me, baby
Overcome me, yeah

All I'm asking is to be alive
For once

Always I am mistaken
I look for love, I find a stone
Of all the seasons, winter befriends me
I come to you in friendship
And hold my breath against the snow
What are you thinking as I gaze into you

Forgive me the confusion
Forgive me as I realize my thoughts betrayed
You are the answer
Cry and smile the same

Overcome me, baby
Overcome me, baby
Overcome me, baby
Overcome, yeah

All I'm asking is to be
All I'm asking is to be
Alive

Overcome me (overcome me baby), baby
Overcome me (overcome me baby), baby
Overcome me (overcome me baby), baby
(overcome me)
Overcome me (overcome me baby), baby
(overcome me)
Overcome
Overcome
Overcome
Overcome

All I'm asking is to be
Alive
