

A Little Left Over

Vince Gill

I work my fingers to the bone
But you won't hear me cry and moan
A workin' man don't need no welfare line

Well, I'll never be a millionaire
And frankly I don't even care
'Cause all I need to have a real good time

Is a little left over on Saturday night
If my bills are paid my plans are made
And everything's alright

Put on my ropers and them wranglers fittin' tight
Got a little left over
And it's Saturday night

I don't drink but I love to dance
With those sweet young things in their cowboy hats
These country girls will be the death of me

If that's the way I gotta go
Lord I hope I die real slow
'Til I do, I'll tell you all I need

Is a little left over on Saturday night
If my bills are paid my plans are made
And everything's alright

Put on my ropers and them wranglers fittin' tight
Got a little left over
And it's Saturday night
