We both went a little crazy
We both did each other wrong
Don't think it's too late baby
Don't think that all hope is gone

We need a little more love To get us through the night Just a little more love And we'll be all right

It'd be easy to say it doesn't matter To walk away and wish you the best But I know we'd feel a whole lot better If we tried a little tenderness

We need a little more love To get us through the night Just a little more love And we'll be all right We're gonna be all right

Let's put our differences aside We can make it baby you and I Let's give it just one more try We can't let this thing die

We need a little more love To get us through the night Just a little more love And we'll be all right

We need a little more love To get us through the night Just a little more love And we'll be all right We're gonna be all right

Oh just a little more love Gonna be all right Little more love Gonna be all right

Oh just a little more love Gonna be all right Little more love Gonna be all right
