

I've Been Hearing Things About You

Vince Gill

Have I gone crazy
Is there someone new
Something strange is going on
Between me and you
But tell me baby
Tell me it's not true
'Cause I've been hearing things about you

Are you unhappy
Are you lonely too
Won't you tell me face to face
What you're gonna do
Well I still love you
But I'm nobody's fool
I've been hearing things about you

Yeah I heard I've been dancin'
When you're out there runnin' 'round
And I heard you've been seein'
Some stranger you have found
And I heard you've been thinkin'
About tellin' me we're through
Yeah I've been hearing things about you

Yeah I heard you've been thinkin'
About tellin' me we're through
I've been hearing things, oh I ain't naming names
I've been hearing things about you
