

# Knock 'Em Dead, Kid

Vince Neil

In the heat of the night  
You went and blackened my eyes  
Well now I'm back  
I'm back  
I'm back  
And I'm coming your way  
Well now I'm supercharged  
Might just explode in your face  
I'm black  
I'm black  
I'm black  
And I'm primed with hate

Knock 'em dead, kid  
(knock 'em dead)  
Well Knock 'em dead, kid  
(knock 'em dead)  
Well it's a TKO  
The blade is red, kid  
(knock 'em dead)  
Knock 'em dead, kid  
(Knock 'em dead)

A star-spangled fight  
Heard a steel-belted scream  
Now I'm back  
I'm back  
I'm back  
Another sidewalk's bloody dream  
I heard the sirens whine  
My blood turned to freeze  
You'll see the red in my eyes  
Your gonna take my disease

Knock 'em dead, kid  
(knock 'em dead)  
Knock 'em dead, kid  
(knock 'em dead)  
Well it's a TKO  
The blade is red, kid  
(knock 'em dead)  
Well, knock 'em dead, kid  
(Knock 'em dead)

Knock 'em dead, kid  
(knock 'em dead)  
Well Knock 'em dead, kid  
(knock 'em dead)  
Well it's a one-round fight  
His blood is red, kid  
(knock 'em dead)  
Knock 'em dead, kid  
(Knock 'em dead)

Knock 'em  
knock 'em  
knock 'em

Dead... (scream)  
Dead kid
