

# Bagbak

Vince Staples

This is for my future baby mama  
Hope your skin as black as midnight  
I'll take you out that Honda  
I can put you in a Benz, I can balance out your chakras  
Fornication is a sin, we can fuck all night regardless  
Oh father, oh the heavens, as I pray for new McLarens  
Pray the police don't blow me down cause of my complexion  
Everybody think they know me now  
Cause I'm chicken-checkin'  
Negro, you are not my homie  
How dare you thinks it's different  
Boy, you trippin'

Gas break, I dipped  
The cash came, I flipped  
I stack that, yeah I stack that past the ceiling  
So sacrilegious, don't ask to chat  
And don't ask for bitches, bagbak I'm trippin'  
Bag-bagbak, bagbak you don't know me better  
Bag-bagbak, bagbak you don't know me better  
Bag-bagbak, bagbak you don't know me homie

Boy oh boy and we are  
Floating on the Dions  
Go until they take my bro and em out them city CRs  
Prison system broken  
Racial war commercin'  
Until the president get that, shit Vincent won't be votin'  
We need Tomika's and Shaniqua's in that Oval Office  
Obama ain't enough for me, we only getting started  
The next Bill Gates can be on Section 8 up in the projects  
So today, love my dark skin  
Bitch I'm goin' all in

Gas break, I dipped  
The cash came, I flipped  
I stack that, yeah I stack that past the ceiling  
So sacrilegious, don't ask to chat  
And don't ask for bitches, bagbak I'm trippin'  
Bag-bagbak, bagbak you don't know me better  
Bag-bagbak, bagbak you don't know me better  
Bag-bagbak, bagbak you don't know me homie

They found it  
Death close to 3, 230 feet  
A deep dive, but within acceptable range

Clap your hands if the police ever profile  
You don't gotta worry, don't be scared because we own ya  
Ain't no gentrifying us, we finna buy the whole town  
Tell the one percent to suck a dick, because we on now  
We on now, we on now  
Tell the one percent to suck a dick, because we on now  
Tell the government to suck a dick, because we on now  
Tell the president to suck a dick, because we on now  
We on now  
We on now

We on now  
We on now
