

# Party People

Vince Staples

Yeah I been fucked since my early days  
I been stuck in my worldly ways  
Propaganda, press pan the camera  
Please don't look at me in my face  
Everybody might see my pain  
Off the rail, might off myself  
Bored with life as I board this plane  
Stewardess asked if I need help  
Maybe baby, what's your last name  
Hopefully it still ain't been changed  
Somethin' 'bout ya make me not doubt ya  
I wuss out as my brain scream louder  
Askin' when I'm gon' blast myself  
Couple problems my cash can't help  
Human issues, too strong for tissues  
Fuck bravado, won't mask my wealth

Move your body if you came here to party  
If not then pardon me  
How I'm supposed to have a good time  
When death and destruction's all I see?  
Out of sight, I'm out of my mind  
The sound of sunshine is callin' me  
Good vibrations is all I need  
All I need, all I need

Party people, yeah  
Party people I like to see you dance  
Party people, yeah  
Party people I like to see you dance  
Party people, move  
Party people I like to see you groove  
This is how we do, this is how we do

Deja vu from a bayside view  
I see black cats in the daytime too  
I see black cats on the daytime news  
With handcuffed wrists and their skin turned blue  
I made out once at the rendezvous and felt star-struck  
"Vince, the car's out front"  
Got things to do, got to make my moves  
I can't miss my flight and miss you too, boo  
First class seats is overrated  
Won't go 'less they overpay us  
Nowadays I'm overdatin'  
My dick is strict for procreation  
Her lips, my lips stay well acquainted  
Her morning moans is callin' me  
Good vibrations is all I need  
All I need, all I need

Move your body if you came here to party  
If not then pardon me  
How I'm supposed to have a good time  
When death and destruction's all I see?  
Out of sight, I'm out of my mind  
The sound of sunshine is callin' me

Good vibrations is all I need  
All I need, all I need

Party people, yeah  
Party people I like to see you dance  
Party people, yeah  
Party people I like to see you dance  
Party people, move  
Party people I like to see you groove  
This is how we do, this is how we do
