

# Role Of Life

Vinnie Paz

Life, this role of life

This is Rock of Gibraltar rap  
The Springfield M14 show you where the coffin's at  
You motherfuckers don't belong in rap  
Fuck with me you got a better chance taking an abortion back  
You lack flavour, put some sauce on that  
I went to the Great Wall, put my fist through and walked through that  
Where this motherfucker's fortune at?  
I'mma levitate his body, make it spin like a Laundromat  
Motherfucker I was born to rap  
I've been making records wild long, never did a song that's whack  
How many have accomplished that?  
I was wild as a young boy, shouldn't have put moms through that  
Vinnie Paz been to Nam and back  
I ain't never put the guns down cousin so my palms is black  
You a bitch, I ain't involved with that  
I got a big trunk and that's where Vinnie keep all of his corpses at

Life, this role of life

Silverback Gorilla walk through the minefield  
We don't see eye to eye how you define real  
Y'all are wondering if I'm out of my mind still  
I just need some liquor and pills and I'm chill  
I run with Puerto Rocks, Morenos and vagabonds  
And Paz will shoot this motherfucker up like Barrie Bonds  
I'm like a military doctor, Vinnie carry arms  
My shit is military proper, Vinnie carry bombs  
I kick in the door like BI did  
And the automatic weapons look like TI crib  
Vinnie fat, you'll never see my ribs  
I don't call it loading bullets, I refer to it as feed my kids  
All I think about is slaughtering y'all  
This little motherfucker named Charles Hamilton is harder than y'all  
It's in the garbage with y'all  
Listen to all you Myspace rappers, I'm a father to y'all

I write in the rain, turn beautiful night into pain  
I turn life into a frightening game  
I don't have love in me, it's just ice in my veins  
My fist Hammer of Thor, I Tyson the game  
This rap shit deep in my heart  
Y'all was sleep from the start  
But that just led to unbelievable art  
And on top of that the god is unbelievably smart  
My bare fists turn trees into bark  
Y'all don't want any improvement at all  
Y'all are devils, y'all are torturing the rule of law  
My mind is a computer of war  
And it's typically the biggest motherfucker that'll usually fall  
Give me one take cousin, the god out  
A forty of ? and I ride out  
The forty Glock popping your eyes out  
Now you never get a chance to see what the god 'bout
