Boyz Are Gonna Rock

Vinnie Vincent Invasion

Well, I'm a sex-shooter Hot teaser Love pleaser Got a lust that kills

Got a reputation From town to town We fight to win We'll take you to a higher ground

We stand united, nobody falls No more backs against the wall

The boyz are gonna rock "Gonna rock" We're never gonna stop The boyz are gonna rock "Gonna rock" We'll take it to the top "Gonna rock" Until the day we drop The boyz are gonna rock

Well, we burn our cages We're outragous Runnin' rabid We're the hounds of hell Been raped and branded Left stranded In the back alleys Where the street dogs dwell

Like an animal We break the jungle rules Fight fire with fire And die before we lose

We stand united, nobody falls No more backs against the wall

The boyz are gonna rock "Gonna rock" We're never gonna stop The boyz are gonna rock "Gonna rock" We'll take it to the top "Gonna rock" Until the day we drop The boyz are gonna rock

We take our stand We raise our fist We hail to the rock brigade The street boys on a rampage Got a fire burnin' in my veins The wilds howlin' out my name

The boyz are gonna rock "Gonna rock" We're never gonna stop The boyz are gonna rock "Gonna rock" We'll take it to the top "Gonna rock" Until the day we drop The boyz are gonna rock
