I Wanna Be Your Victim

Vinnie Vincent Invasion

All pumped up and nowhere to go Bound for love, I submit my soul Make me do my penance, make me pay the toll Suck my will, swallow me whole Captured by the huntress Goddess of my flesh and all of my dreams Spread me eagle - have no mercy Make me writhe in ecstasy

I wanna be I wanna be your victim Never set me free I wanna be I wanna be your victim Take every part of me

Tie me up, punish me please Make me beg on my hands and knees I'll be your slave, serve all your needs A helpless minx to torment and tease No rules of love forbidden No violation zone No secrets to be hidden (I'm) your domain to own

I wanna be I wanna be your victim Never set me free I wanna be I wanna be your victim Take every part of me

I want it, I need it, I crave it, I plead it Love and hate, penetrate, dominate, incinerate I'm dreaming, screaming, girl you got me creaming

I wanna be I wanna be your victim Never set me free I wanna be I wanna be your victim Take every part of me
