

That Time of Year

Vinnie Vincent Invasion

I want to stay girl it hurts I know
But the time has come to find my dreams of glory
It hasn't been easy babe, hard times we know
But I gotta know the ending of my story

Oh it's my challenge, it's my right
And my will's too strong to fight
I don't want to say goodbye 'cause I love you

But it's that time, that time of year
To follow that midnight sun
That time of year
My ramblin' heart's gotta run

Wherever it takes me I'll ride that wind
To my rainbows end but I'll be back again
I want to hear you say it girl: that you understand
If I had my wish you'd be by my side
