America is  
America is  
America is  
America is

America is the home of the hypocrite  
America is the home of the hypocrite  
America is the home of the hypocrite  
American dream so f-f-full of it

Look at the Indians, look at the Blacks  
Look at the figures, look at the facts  
Look at the facts, the facts not the lies  
When you find out, big surprise

America is the home of the hypocrite  
America is the home of the hypocrite  
America is the home of the hypocrite  
American dream so f-f-full of it

Check out the Indians, check out the Blacks  
And you check out the figures, and you check out the facts  
Check out some facts, check out the facts not the lies  
When you find out, it's a big surprise right between the eyes

America is the home of the hypocrite  
America is the home of the hypocrite  
America is the home of the hypocrite  
American dream is only a dream
