

## Special

## Violent Femmes

You smile because you know  
You smile because you know  
You smile I told you so  
C'mon gimme a smile---I'm gonna let you know

You're something special

Your momma don't lie  
Your papa don't lie  
Your momma don't lie  
Your papa don't lie  
All of the good things  
They said about you  
They said you were hot  
Ooo I think it might be true  
Special special what do you get  
Another day older and deeper in debt  
Special special what do you get  
Another day older and deeper in debt  
Get away from me  
I'm gonna hurt somebody  
Get away from me  
I'm gonna hurt somebody  
No, I don't really want to hurt nobody  
But sometimes I just gotta hurt somebody  
'Cause people are dangerous  
And people are adventurous  
And people are mysterious  
And people are they're suspicious  
Of somebody who's special  
What's so special about him  
What's so special
