

Eightfold

Violent Soho

I guess I'll wait in line
For the next life
Put all my coat tails on
To impress you

Faux nihilist cop inside
Worse than everyone
Been waiting all this time
Let me in, I'm alright

Cause they say (Cause they say)
What they want (What they want)
Preaching males (Preaching males)
Ego high (Ego high)
Pushed aside (Pushed aside)
Pushed behind (Pushed behind)
Just shut up (Just shut up)
You'll be fine (You'll be fine)

Cause I'm waiting for an answer
Give me my next line
Waiting for an answer
I won't Eightfold now

They got the holy shakes
Glossolalia
They'll pop like soda now
Let me in, I'm alright

Cause they say (Cause they say)
What they want (What they want)
Preaching males (Preaching males)
Ego high (Ego high)
Pushed aside (Pushed aside)
Pushed behind (Pushed behind)
Just shut up (Just shut up)
You'll be fine (You'll be fine)

Cause I'm waiting for an answer
Give me my next line
Waiting for an answer
I won't Eightfold now
Waiting for an answer
I won't Eightfold now
Waiting for an answer
I won't Eightfold now

Watered eyes and vision kings
Selling everything
Chirping with a frown
England couch life ain't the thing
Like a magazine
A rut stuck in your mind

Cause they say (Cause they say)
What they want (What they want)
Preaching males (Preaching males)

Ego high (Ego high)
Pushed aside (Pushed aside)
Pushed behind (Pushed behind)
Just shut up (Just shut up)
You'll be fine (You'll be fine)

Cause I'm waiting for an answer
Give me my next line
Waiting for an answer
I won't Eightfold now
Waiting for an answer
I won't Eightfold now
Waiting for an answer
I won't Eightfold now
