

(my Baby Was A) Cheat

Violet Indiana

What did you do when i wasn't with you?
I heard something that they said
It cuts like a knife to hear the words
And it hurts to know that you're somewhere else
My baby was a cheat
My baby was a cheat
My heart is on the floor
No one to love anymore
It's all the same, i am back here again
I thought you would be the one
Something inside

You sheltered my pride
I'll pick myself up again
My baby was a cheat
My baby was a cheat
My heart is on the floor
No one to love anymore
I'll sit here alone
Won't answer my phone
'Cos words will only hurt
Just something you said
Goes around in my head
The words that you loved me
My baby was a cheat
My baby was a cheat
