

# Miracle

Viper

I am feeling closed inside my world and now  
I am trapped in my own dream so lonely  
I try to run away from these sad memories  
But my mind cannot escape from drowning

Turn around  
I wake to win but not today  
I think it is not working for me now

I feel inside  
But I'm still not free  
Where's the miracle  
I've seen in my dream?

Dark is my heart  
My soul can't be free  
I need some kind of miracle to save me

I can dream there is a hope but where is it?  
And reality is not so close to me  
Draw me paintings of my memories  
Put some colors in my life to live on

Turn around  
I wake up to win but not today  
I think it is not working for me now
