

## The Fragile Breath

Virgin Black

Amorous eyes, crippling word I bring  
Grief vents itself more violently  
The hour of parting is at hand  
Hope, your warmth failed  
The famished are here, forsaken  
Fleeting, fading, the fragile  
Fading, the fragile  
It drinks deep into the soul  
Drinks deep into the soul  
Fleeting, fading, the fragile  
It drinks deep into my soul  
Drinks deep into my soul  
Drinks me deep
