

## Act Of Grace

## Virgin Snatch

Conducted by nation's fears  
over several hundred years  
Two thousand eight  
Still Pay the bill  
I am sick of hearing this!

Election, Rejection  
Painful memories we recall  
Defending liberty  
license to practice another war!

SACRIFICE IN THE FIGHT!  
SAY WE HAVE TO STAND UP TO DIE!  
WIDE-EYED LIBERALS  
NOW YOU SEE. WHAT THIS ALL MEANS TO ME  
RIGHT NOW!  
NEED MORE TROOPS IN THE SOUTHERN PART  
ALL AROUND HEAR YOUR LIES  
DESERVE TO EXILE  
YOU THINK WE'RE PEOPLE JUST LIKE YOU?

Time to face your fucking lies  
Through our blood. the beast shall rise  
Compromise it's all I seek  
Left to Right  
Strong. weak & prick!!!

Same stories about glory  
Reality is breaking loose  
Devoid of emotion  
Waiting for a day that never comes!

All I can remember.  
Mercy in your eyes  
Gesture of your claw hidden scars  
Till you come and take. all is fake  
You Motherfucker!

Just keep on pretending  
One way to survive  
Beautiful, Powerful giant who take the fools  
No need You!
