

Trans For Mansions

Virgin Snatch

Show me your blind face
No one knows the nameless power
For the law a hatred born
Living in a dying age

Trans for mansions
Dance for the crowds Burn in Hell!
Self creation total generosity
Screams behind the shadows
Greed betrays your neck
For your own existence
Avoid every step

Sins of my past are returning
Trans is passing over me
Can't I see it's a never-ending
Vote given to you

Further chase the price
The ceremony's now coming
But the truth must be die
Haunting pasts that fill your mind

Tran for mantions
Clear of changes - Take away!
Invintations royal lives
Screams behind the shadows
Greed betrays your step
For your Own Existence
Avoid every choice

Sins of my past
Are returning
Consequences we have paid
Trans right from
The nwe beginning
Forget it
And you'll be free
