

## A Token of My Hatred

Virgin Steele

I bring Vengeance!!!  
I ride the Severed - Seven Winds of Time  
From the Corner of the World  
Last Holy Warrior, Fire in my eyes  
There is Hatred in my Soul  
Great God of the Seven Seas, Great God of the Sky  
Hear me now as I ride down this Wind  
A King of Eternity to the last, when the first Stars arise  
I have come claiming my Victory to the End  
When the Carrion must die  
Inside the Palace, Avernus awaits  
Here the floor runs red with Blood  
This bitter blessing demanded by my Oath  
Lord Apollo hear my cry!  
Great God of the Seven Seas, Great God of the Sky  
Hear me now as I ride down this Wind  
A King of Eternity to the last, with a Sword by my side  
I have come proclaiming this Victory to the House  
And a butchered Father's cries  
Ride the Wind Snake through the Air  
See the Cauldron of Blood Burning there  
From the Dark side let the Child arrive  
To Ride the Rings of the Sky... on the Day when all Tyrants die  
!  
I bring Vengeance!!!  
Life unfolds into the Sin of War  
Cold and Proud I Praise the Sky  
Here I stand with the Gods  
Broken Sword Raised in Might  
Against the World we Avenge Our Father, Victory Now !  
Hear me cry, the King of Eternity to the End  
When all Violence dies  
I am yours fighting for Victory to the End  
When the last Tyrant dies  
Chain of Violence, a forsaken Crown  
Lay the Dust of your Future in Shrouds  
For the last time the Child arrives  
To right the Sins of his Home  
To the End when all Tyrants Die !  
And the Clouds of Doom Arise  
To Kill the Night We Wept  
And the Dark Mist did appear.  
Through the Night We Wept.
