

Immortal I Stand (The Birth of Adam)

Virgin Steele

When First There Was Fire, Water and Air
All Boiling Together, a Mass of Despair
Enthroned in the Maelstrom, Hurling Atoms with Night
My Thought Pierced the Tempest... Now Let There Be
Light!
Born in Fire, Earth and Dust
Born in Sun to Be the Savior, Savior...
Immortal I Stand
Before God a Man
Immortal and Brave
No Fear of the Grave
I Will Reveal the Flesh in Your Word...
Immortal I Stand!
Watch as I Fashion Him from the Dust
Born in My Image, Endowed with My Trust
A Living Reflection of Higher Ideals
Sublime Perfection... Adam Revealed
Born of Fire, Earth and Clay
Born in Sun to Rule the Day
Immortal I Stand
Before God a Man
Immortal and Brave
No Fear of the Grave
I Will Reveal the Flesh in Your Word
Immortal I Stand!
No Fear of the Grave, No Fear of the Dark,
All Life from a Spark
The Rites of the Son, the Dream Flesh Begun,
A Union of One...
Summon the Mighty Forms Below...
Enter the Silent Streets to Save Us... Save Us
Immortal I stand
Before God a Man
Immortal and Grand
The Soul of Your Plan
The Son is the Eye and Soul of the World
My Voice Resides Within!
Immortal I Stand
Before God a Man
Immortal I Am
A Sword in Your Hand
Immortal I Stand
Before God a Man
Immortal I Am
Your Son to Command
I Will Reveal the Flesh in Your Word...
I Will Be the Sword Within Your Hand!
