

# Return of the King

Virgin Steele

Return of the Hero, our Conquering King  
Agamemnon our Lord, you'll know here in time  
If Fortune in War guarantees the will of the Crowd  
All is not well there is Evil in your House tonight  
Beware thy Name, Black Stars Fall, Forces Rising, time you were  
gone  
The Conqueror of Troy wields the Power the Gods have designed  
Shedding his Daughter's Red Blood for one Wanton Bride  
A Dowry of Death, Artemis waits by your side  
Glory too high is a Dangerous Gift from the Gods  
Beware thy Queen, Black Stars fall, Voices Rising, time you were  
gone  
Lord of the Desert, we welcome him home  
The Lion of Vengeance, the Death of Priam  
Fire on the Wind, Fire in the Sky  
Reaping Black Harvests of Blood, til the End of the Dawn  
Beware thy Queen, Black Stars fall, Force is Rising, time We were  
gone!  
Lord of the Desert, the Hour's at hand  
The Black Cloak of Evil, the Net of the Damned  
Fire on the Wind, Fire in the Sky  
Raping the Heart of the Sun, til the End of the ... Dawn
