

# The Hidden God

Virgin Steele

[SAMAEL:]

I AM HERE! OH YES!!!

And the Dark Waters stirred with the sound of her  
calling

Wrapped in Black Luminescence & Clouds I appear

Feel me plunder in sleep where nobody knows

I am calling you back!

Blood to Blood, Bone to Bone

Skin to Skin and Sin to Sin

Demon Night, Frost and Fire

Turn me on to Rape Desire

Spill the Blood of your kin

Rejoice in the Madness you win

Wallowing into the Fire

Drawn to my Hellish Mire

THE HIDDEN GOD..HIDDEN GOD...

In your eyes I can see where the Thunder is calling

Storm Clouds gather a Feast for the Wrecking of you

Drip your blood on the shaft of my swollen desire

That's burning & yearning to blister your womb

I am calling you back...

Blood to Blood, Bone to Bone

Skin to Skin and Sin to Sin

Demon Night, Frost and Fire

Turn me on to Rape Desire

Spill the Blood of your King

Rejoice in the Madness it brings

Wallowing into the Fire

Drawn to my Hellish Mire

Dishonored and cast from the Sun

Straight into my Arms you will run

Nurturing insults and grief

Embracing new forms of believe

For the Soul of a Black Dragon King

For the Heartache & Madness you bring

I harrow the Vines of your bleeding

To the One who will know from before

To notice the Way that blights your way home

I cry to the One who's in Chains

[LILITH:] I cry to the One who's in Flame

[SAMAEL:] Forget how you fell... Paradise is something  
to Fear

[LILITH & SAMAEL:] Paradise is... Fear!!! AHHH!!!

[SAMAEL:]

I am the Darkness that lives in the Sea...

From Rocks I have ripped bleeding Darkness to warm you

Rend your garments tear your hair... open wide... I AM

IN!!!

Nobody \*\*cks like you anymore... Let's cum together

And the Dark Waters stirred with the sound of her  
calling

Wrapped in Black Luminescence & Clouds I appear

Feel me plunder in sleep where nobody knows

I am calling you back!
